

“No Right of Way” (ROW) Verification Webinar

This webinar is mandatory training for those individuals who are responsible for completing the Design Approval Documentation Form (Appendix 43.62) and the No ROW Needed Verification Checklist (Appendix 25.176) used in the delivery of federally funded local agency transportation projects. This training will focus on the process of reviewing the PS&E to make sure it is consistent with the no ROW determination. Effective April 30, 2016, new Design Approval Documentation forms must be completed by an approved Agency Reviewer.
