

SR 520 Bridge Replacement and HOV Program

SR 520 construction update: June 2012

Floating bridge construction - Lake Washington and Medina

A crane-mounted barge completes work on a gravity anchor on Lake Washington.

View of cofferdam construction looking southwest from Medina. The cofferdam creates a dry work area for construction of bridge pier footings.

Floating bridge construction - Kenmore

Crews work on a gravity anchor in progress in Kenmore.

KGM Kenmore Site Superintendent Abby Timms stands on a 100-ton fluke anchor.

Floating bridge construction - Tacoma

Aerial view of pontoons under construction in Tacoma - Photo credit: Aequalis Photography.

Pontoon construction - Aberdeen

Pontoons in progress at the casting basin facility in Aberdeen, WA.

Eastside construction

Crews installed a 66-foot long girder weighing 124,000 pounds at Evergreen Point Road during the June 2012 weekend closure.

Americans with Disabilities Act (ADA): Materials can be provided in alternative formats for people with disabilities by contacting Shawn Murinko at 360-705-7097 or murinks@wsdot.wa.gov. Persons who are deaf or hard of hearing may contact the Office of Equal Opportunity through the Washington Relay Service at 711.

Title VI: WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program contact Jonté Sulton at 360-705-7082 or SultonJ@wsdot.wa.gov.
