

Floating Bridge and Landings construction activities

Near Medina, crews lay the foundation for noise walls which will lessen the traffic noise that will reach nearby residents. Photo taken: Sept. 26

A barge funnels ballasting rock into a pontoon. All pontoons are ballasted to ensure that they sit at the same height on the water. Photo taken: Sept. 11

Americans with Disabilities Act (ADA) information: This material can be made available in an alternate format by emailing the WSDOT Diversity/ADA Affairs team at wsdotada@wsdot.wa.gov or by calling toll free, 855-362-4ADA(4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.

Title VI Notice to Public: It is the Washington State Department of Transportation's (WSDOT) policy to assure that no person shall, on the grounds of race, color, national origin or sex, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be funded programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with WSDOT's Office of Equal Opportunity (OEO). For additional information regarding Title VI complaint procedures and/or information regarding our non-discrimination obligations, please contact OEO's Title VI Coordinators, or Jonté Robinson at (360) 705-7082.

SR 520 construction update: September 2015

Floating Bridge and Landings construction activities

Crews seal an expansion joint, which allows the bridge to bend and flex as the concrete on the bridge expands and contracts when traffic and temperature cycles change. Photo taken: Sept. 29

Crews on the west high-rise lay rebar in preparation for pouring concrete to complete the final section of roadway for the floating bridge. Photo taken: Sept. 11

West Approach Bridge North construction activities

Crews excavate the area north of the 24th Avenue East bridge and begin construction of the new westbound SR 520 off-ramp to East Lake Washington Boulevard. Photo taken: Sept. 16

Aerial photo showing the WABN project site from the MOHAI staging area. Photo taken: Sept. 11

In September, crews began construction of rebar cages for the fluted WABN columns. All 95 rebar cages will be tied by hand. Photo taken: Sept. 11
