

Practical Solutions Training for LTAP

The Practical Solutions Training program delivers instruction for applying the Practical Solutions approach at WSDOT.

Training Course:

Practical Solutions Approach to Project Development Overview

This **one-day course** provides an overview of the Practical Solutions approach as well as WSDOT’s current and future project development process. It includes interactive discussions about identifying needs, assessing alternative strategies to address performance gaps and applying a practical set of solutions. The training highlights the importance for community engagement throughout the project development process.

(FREE, 8:30am – 4:00pm, DATES and LOCATIONS BELOW)
