

WASHINGTON STATE FERRIES LEVELS OF ACHIEVEMENT 2018 - 2022

GREEN MARINE ENVIRONMENTAL CERTIFICATION

In 2018, Washington State Ferries became the first U.S. ferry operator to join Green Marine, the leading environmental certification program for the North American maritime industry. The Green Marine environmental certification program is all about achieving beyond compliance environmental performance and demonstrating continual improvement, as illustrated below.

Category	Performance Indicators	Achievement Levels				
		2018	2019	2020	2021	2022
Ship owner	Air Emissions (NOx)	1	3	3	3	3
	Air Emissions (SOx & PM)	1	3	3	3	4
	Greenhouse Gases	1	2	3	3	3
	Oily Discharge	1	2	2	2	2
	Ship Recycling*	n.a.	n.a.	n.a.	1	2
	Underwater Noise	2	2	2	3	3
	Waste Management	1	1	2	3	3
Terminal	Community Impact	1	2	2	2	2
	Community Relations**	n.a.	n.a.	n.a.	n.a.	5
	Environmental Leadership	1	2	3	3	4
	Greenhouse Gases	2	3	3	3	3
	Spill Prevention	1	2	3	3	3
	Waste Management	1	1	2	3	3
Shipyard	Community Impact	1	2	2	2	2
	Community Relations	n.a.	n.a.	n.a.	n.a.	4
	Environmental Leadership	1	2	3	3	4
	Greenhouse Gases	2	3	3	3	3
	Spill Prevention	1	2	3	3	3
	Waste Management	1	1	2	3	3

*New performance indicator added to the environmental program in 2020, with mandatory reporting for the 2021 operations.

**New performance indicator added to the environmental program in 2021, with mandatory reporting for the 2022 operations.
